

## CDM QUARTERLY NEWSLETTER, 4TH QUARTER 2019

### End of year reflections

It has been another year of positive changes at Casa del Mar; one with a very visible impact on the look of the resort. The exterior of the Presidential building has been completely renovated and the suites have new furniture, stainless steel appliances, stainless-steel small appliances and sliding closet doors. Additionally, although it will be finished in early 2020, the new Ambassador building pool and jacuzzi will be a big improvement on the guest experience there.

2020 will be a year where we continue with guest-facing improvements with the commencement of the interior renovations. Included in this renovation will be the bathroom renovations, changing the interior and entrance doors and suite baseboards.

There are also a number of "back of the house" projects being discussed at the January Board meeting. Although nothing has been approved yet, we will be discussing replacing at least one chiller, the Presidential building generator, the resort exterior doors and windows and the replacement of at least one elevator. One guest-facing project that will be discussed is the renovation of the lobby and the timeframe to complete it.

As you can imagine, these projects are big-ticket items and decisions will have to be made on the priority of each project. Fortunately, the Reserve Fund has a balance in excess of \$500,000 and there should be some monies remaining in the Special Assessment fund, which funded the new furniture and appliances.

We will have a better picture of the approved 2020 projects after the January Board meeting and will communicate to members once the decisions have been made. In the meantime, thanks to all members for their patience and understanding and best wishes to all for the upcoming year.

**Bob Curtis, General Manager**

## Newsletter and contact information

Casa del Mar's Newsletter is sent out quarterly to all Members with a valid e-mail address on file with the Resort and is also available on the CDM website at [www.casadelmar-aruba.com](http://www.casadelmar-aruba.com). If you are not receiving the newsletter or have any inquiries please contact the Executive Office at [marinela.stevens@casadelmar-aruba.net](mailto:marinela.stevens@casadelmar-aruba.net) or call 297-582-7000 ext. 600. We hope you'll find the newsletter informative.

**Front Office Agent**

## Anniversaries

***Etline Tromp — Accounting  
10 Years of Service***

***Jean-Andre Altidor — Maintenance  
10 Years of Service***

## Employee story

Meet Sherrah Ponson, a new hire on our HR Team.

“I started working at Casa del Mar as an intern in the Human Resources Department this year in January. As an intern, my first insight of Casa del Mar when I walked in for my first day of work was the atmosphere. It felt so wonderful and peaceful which made me feel like this is a great place to work at. I loved every single second of working here during my 6 month internship; I learned a lot from my HR team and the Casa del Mar family. I have never felt such a great ambiance in a resort before, which gave me goosebumps from how amazing the employees treated me and others. After my internship ended, I officially started working full time in July 2019 as a HR Administrative Assistant. I look forward to a lot of learning and adventures!”

## Exterior renovation Update

The Casa del Mar Board of Directors and the Management team, are proud to announce the completion of one of the largest projects the resort has ever undertaken in our 30+ years. The Presidential exterior renovation was completed on December 16<sup>th</sup> 2019, just over a year since the project started in October 2018. The purpose of this renovation was to fix the worn out and outdated panels and make sure the building is completely sealed with new caulking to ensure water tightness and reduce instances of sweating in the rooms, which can lead to mold. As this project is now complete we look forward to putting in new windows and doors to completely seal out any and all possible air leaks, which will also make the resort more energy efficient. The kitchen windows in all phase one units were condemned in order to set the groundwork for any future plans we have for the kitchen. It was determined that area would serve better for future additional storage space, as the window was not letting in much if any light at all. Along with our new look, a brand new LED sign was put up on the Presidential elevator tower replacing the old one. The new sign can be seen at a great distance when lit up at night and serves to welcome Members and guests to CDM. An additional sign was also added to the Ambassador wing elevator tower as well. New furniture, new appliances, new small appliances and clock radios have also been installed in all rooms both at the Presidential and the Ambassador.

The Ambassador wing pool and hot tub are coming along quickly with the pool tiles being laid and all the pipes having been run in recent days despite the holidays. We, like our Members, are eagerly awaiting opening day.

Here is a preview of how the new Ambassador pool area will look once completed and 2 pictures of how the renovation is coming along. There will be a shallow end/sun deck area leading to the deeper pool area and across from that will be the hot tub. As Members of the Ambassador wing can see, this pool will be almost double the size of the previous pool.

We would like to thank all our Members and Guests for their understanding and cooperation during this stage of Casa del Mar's renovation. There is still much work to be done, but we are making progress every day towards a home away from home that will only increase in value with every upgrade made.

**Pictures Ambassador model suite 1134**

## **Update on projects throughout the resort**

**We successfully completed the following projects:**

- Renovate the staircase near the #20 suites of the Presidential Building.
- Enclose the kitchen window of the Phase 1 suites Presidential Building.
- Renovate kitchens phase 1 Presidential building to accommodate 30" stoves.
- Installed an ADA compliant pool chair lift.
- Resurface a portion of the Presidential roof at phase 1.
- Install new air conditioner in Laundry.
- Install new balcony lights at Presidential building.

**Renovation staircase near #20 suites**

**Enclosing kitchen windows phase I Presidential building**

**Renovated kitchen—30" stove**

**ADA compliant pool chair lift**

**Resurfaced portion of the roof Presidential building phase 1**

**New air conditioner Laundry**

**New balcony lights Presidential building**

**In addition to the projects completed, the following projects are in progress:**

**Upcoming projects:**

- Install new safe pedestals at the Ambassador building.
- Install new interior doors and new baseboard in the Ambassador Building.
- Relocate guest room valance and install new drapes in the Presidential and the Ambassador Building.
- Install new closet doors, dining table light & living room ceiling fan at the Presidential Building.
- Build new business Center and coffee station.
- Construct new pool and jacuzzi at Ambassador Building.
- Install new electrical switch at phase 1 Presidential building for the new balcony lights.

**Upcoming projects:**

- Install new indirect lighting for the building exterior at the Presidential building.
- Install new interior doors and baseboard at the Presidential Building.
- Install new entrance doors for the guest rooms at the Ambassador Building.
- Expand and renovate the gym.
- Construct new pathway in front of rooms 1114-1120 and ocean front units.
- Renovate the domestic water tank.

## CDM staff gives back to the community

The wonderful Christmas time is a season of giving. We as the Casa del Mar team wanted to give back to our community this Christmas season by giving out baskets of food to families in need. We contacted different elementary schools to receive names of children in need. We asked our employees to contribute to this cause by making a donation and Casa del Mar matched the amount raised. We donated to 25 families in need. We want to share with you a few pictures of this project and thank all our generous team members who contributed to this cause. Also a special thanks to Etlene Tromp from our Accounting Department who organized and spearheaded this beautiful initiative. We are grateful to all our volunteers, including our interns, who made this happen.

## Member Relations

In June of 2019 the Board of Directors revised the transfer fee. As per July 1st 2019 the fees have been updated to the following amounts which is in the line with other resorts.

The transfer fee per week involved is:

- US\$ 250.00 — Member to Non-Member
- US\$ 200.00 — Member to Member
- US\$ 100.00 — Member to Direct Family (mother, father, brother, sister or children only)

### Beneficiaries and emergency contact information update

The Board of Directors and Members Relations department would like to advise all members to please update or add beneficiaries to their memberships. If you are unsure if you have a listed beneficiary you can contact Members Relations at [Jessica.Alders@casadelmar-aruba.net](mailto:Jessica.Alders@casadelmar-aruba.net) or [monique.silvania@casadelmar-aruba.net](mailto:monique.silvania@casadelmar-aruba.net).

The beneficiary form can be found on the Members section of the website in case you wish to add beneficiaries to your ownership.

The Members Relations department is also in the process of collecting and updating emergency contact information. It is pertinent that all Members have an emergency contact for the resort records in case we need to reach out to them on your behalf.

## Sales and Resales

The Sales team would like to remind all Members that in order for their units to remain listed, your Maintenance fee must be paid up to date. Any weeks with an open balance will be removed from the listing on March 1st, 2020. Additionally, if you have changed your contact information please advise us by contacting [zaylitza.luidens@casadelmar-aruba.net](mailto:zaylitza.luidens@casadelmar-aruba.net) so we can contact you with any offers.

## Rentals 2020

Did you know that if your unit goes unused, then you are responsible for the no show fees? Why waste an opportunity to generate income to cover your maintenance fees or make a little extra cash, when you can deposit your unit for rental through the CDM rentals program.

We do all the work of listing it for rent on our website and through our booking partners. We handle the payments and get you your money quickly once the week has closed. Using wire transfers or applying it to your maintenance fee account means you get your money sooner.

The CDM Rentals Department has been making strides in advertising rooms for rent through our website and our booking partners. There is already high demand for 2020 weeks!

Don't let your room go unoccupied in 2020! Choose the no muss, no fuss option of listing with the CDM Rentals Department.

## **News from our Accounting department**

The Accounting department added the position of Member Receivables Coordinator to assist with the collection of yearly fees . The Member Receivables Coordinator will be responsible for the following:

- Contact owners, using a predetermined timeline, to collect past due balances and respond to emails regarding owner accounts. This would be based on a 30, 60 and 90 day follow up. Past due balances over 90 days must be addressed for potential foreclosure after 3 attempts to collect the open balance or the Member has to sign-off on a reasonable payment plan.

Further more we like to make you aware of Article 9.2 of the Articles of Association:

9.2 In case of termination of the membership, all amounts due by the Member to the Association shall become payable at once. Termination shall not affect the financial obligations of the Member towards the Association and/or Management Entity existing at that moment, in as far as it concerns outstanding accounts.

## **Discontinuation of Local Checks**

On November 1st, 2017, ABA (Aruba Banker's Association) announced that all local banks will transition into a "Check-Free" system. The paperless Checkout initiative has been introduced to minimize risks to the customer and the bank. The Checkout initiative specifically discontinued the use of personal checkbooks. International and local banker checks (or cashier / official checks) are still available for the customers.

Because of this discontinuation Casa del Mar is no longer sending Members rental or resale payments by check. Payment options have been updated on all relevant documents.

## News from our Housekeeping department

All Ambassador and Presidential suites were recently equipped with all new Cuisinart small stainless-steel appliances, as shown in the picture.

All Room Attendants, Supervisors, Laundry Attendants and the Towel Station Attendant recently received new uniforms.

## News from our Front Desk

Please be advised that the Front Desk does not handle maintenance fee payments on Saturdays, because of the amount of Check-ins and Check-outs on Saturdays.

We would also like to remind all our Members that according to the club rules and regulations check-in time shall be any time after 4:00 PM on the Saturday that the interval week begins. Members and/or Guests are not allowed on the guestroom floors until they have been checked in. Early access to a guest room may be granted only if the room is ready upon guest check in. Otherwise, guests who interfere with the room attendant cleaning the room will be charged \$200 for the first occurrence, \$300 for the second and possible expulsion from membership for any subsequent occurrence.

All Front Desk staff members received new uniforms in September 2019, as shown in this picture.

## News from our Security department

In December 2019, all Security staff members attended the “Stop the bleed” -training. It was a very useful training in which they learned what to use and what not to use to stop bleeding.

An additional red Emergency Phone was installed at the beach entrance of the resort.

The emergency phones are for emergency purposes only. A press on the button sends a message straight to the operator to a dedicated emergency number, informing them that there is an emergency. The operator will inform security immediately of the happenings, and the location.

## Did you know...

- ...Members can also pay their yearly Maintenance Fee online through the payment portal. Contact our Members Relations Department for more information.
- ...that Aruba has officially banned single used plastics. Check out page 16 of this Newsletter for more information.
- ...that Casa del Mar Beach Resort has won the status of Gold Crown Resort for the fifth time in a row. This adds trade value for all our RCI affiliated owners.
- ...that there are several ways to let people know just how much you love Casa del Mar Beach Resort. You can write us a review on [TripAdvisor](#), [Facebook](#) and on our [Google Business page](#). We are already on 4.5 stars on Google. Your review could help us get to 5.

## Upcoming Events in Aruba *Published by: Visit Aruba*

For a list of all the upcoming Aruba Events [Click here](#) .

In January and February we celebrate Aruba Carnival which includes weeks of events that feature colorful decorated floats of all shapes and sizes, contagiously throbbing music, and parades with luxuriously costumed groups of celebrants of all ages, Carnival Queen elections and musical events such as the famous Tumba Festival and Calypso and Road march competition. Click here for the [Aruba Carnival Schedule](#) and other helpful event lists.

For all lovers of Aruban Culture make sure to check out the Monthly Cultural Fair in San Nicolas.

## Island updates

### **Plastic ban: the law has passed** *Published by: Aruba Today*

The island's government made a decision in 2017 to ban all single use plastic bags and has now extended it to include items as plastic cups and straws and Styrofoam boxes, such as disposable coolers. Also, sunscreens containing oxybenzone is to be prohibited in Aruba. The ban became effective July 2019, with a one-year transition period to a total ban in 2020. The Plastic Ban Ordinance will go into effect as of July 1<sup>st</sup> 2020, together with the list of products that are prohibited.

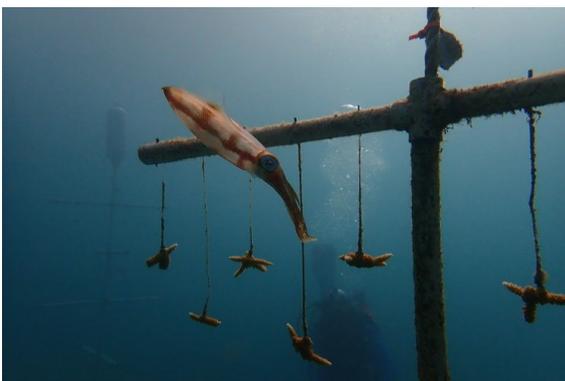

### **Aruba Aloe & Scubble Bubbles** *Published by: Wheninaruba.com*

At the end of 2018, [Aruba Aloe](#) proudly [launched its new reef-safe mineral sunscreen](#). To underscore its commitment to protecting Aruba's precious coral reefs, the Aloe company has been supporting the efforts of the Scubble Bubbles, a local youth diving group that is focused on helping to restore the coral reefs of Aruba. Most recently, Aruba Aloe handed over a check of Awg. 6,434.36, representing the funds collected by Aruba Aloe in all its stores for the group since January 2019.

During the fundraising campaign, Aruba Aloe's sales associates made every customer aware of the campaign at checkout, explaining the goals of the Scubble Bubbles group and the importance of supporting their efforts through donating. Aruba Aloe is grateful to clients who chose to donate to the Scubble Bubbles through the campaign.

The Scubble Bubbles was founded by a group of high school students and their instructor, Nichole Danser, and has since grown to include a number of environmentally conscious teen scuba divers concerned about ocean conservation. After much research, they embarked on a mission to foster Aruba's coral reefs. Using a basic framework of PVC, the group has created thriving underwater coral nurseries at two sites.

The "Aruba Aloe Coral Nursery" is located just off the coast of Savaneta and was officially opened on World Reef Awareness Day. At the nursery, coral reef fragments can be rehabilitated and nursed back to mature size before being transplanted back out onto the reef.

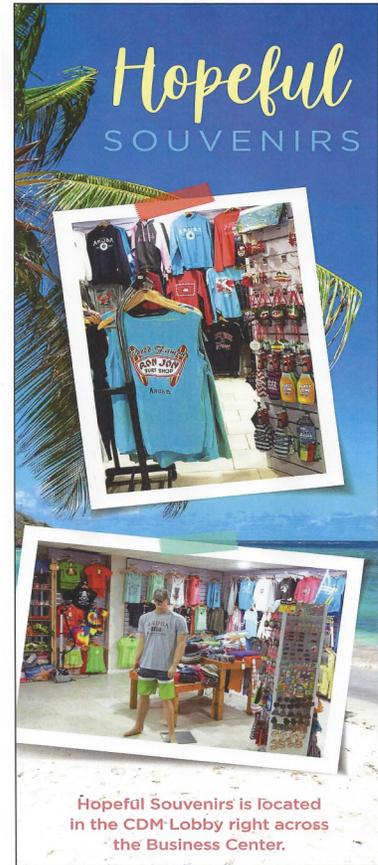

*In December, Casa del Mar joined a large number of resorts who discontinued the pagara fire works tradition due to negative impact on the environment and animals. In it's place we donated the money we normally spend on the pagara to Scubble Bubbles.*

## CDM Concessioners

### Hopeful Souvenirs

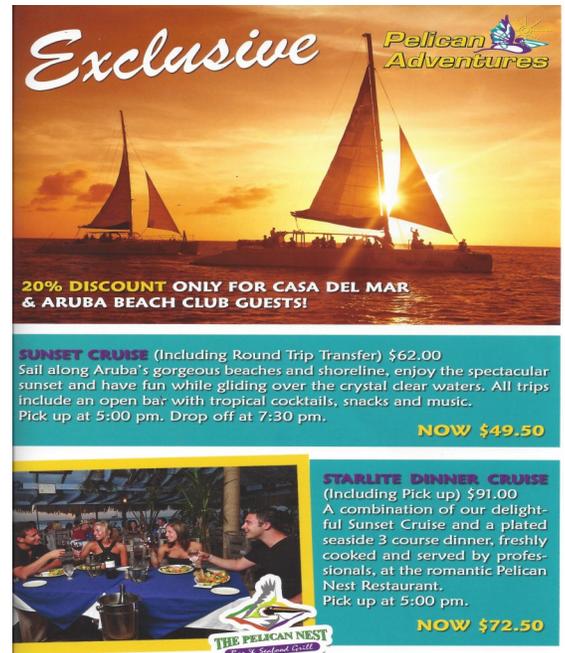

Hopeful Souvenirs is located in the CDM Lobby right across the Business Center. They sell a variety of beachwear and souvenirs.

### Pelican Adventures

The Pelican Adventures desk is situated in our Resort Lobby. They will assist you with all kinds of concierge services, tour bookings, restaurant reservations, taxi services etc.
